ScholarPal

How to use ScholarPal

Five short steps, from your first answer to your first saved scholarship.

1. **Answer a few quick questions about you (2 minutes).**
2. **See your best matches: scholarships you can apply for.**
3. **Open one and check "Who can apply" and the deadline.**

   You apply on the scholarship's own website, not on ScholarPal. On each scholarship page, "What will I see there?" tells you what that site asks for.

4. **Tap ♡ to save it to My plan.**
5. **We remind you before it closes.**
